## Arrival and Breakfast Procedure for Hybrid/Online Model

Students arrive at 8:25 and report directly to class from one entry point for non-bus riders and one entry point for bus riders. If they need breakfast, they will travel to the cafeteria to get sack breakfast and eat in the class. If allowed by food services, staff will deliver sack breakfast to class.

## Classroom Environment

All 22 spaces will be used as learning centers with no more than 15 students per learning center. Ten of these learning centers will be staffed by classroom teachers and a proctor. 12 of these learning centers will be staffed by classified and certified support staff. I may need additional proctoring support from TUSD or an increase from .5 monitor FTE to make that happen.

## Transitions

Students will only leave their learning space for lunch and structured recess one learning center at a time. Please see additional details below.

## Recess/ Healthy Play Requirements

Students will have recess with their same learning center group in designated areas for K-3, 4th – 5th, and middle school. Jungle gyms and playground equipment will not be used. Students will wear masks and be socially distanced. They will be supervised by classified and certified support staff.

## Lunch Procedure for Hybrid Model

We will have 11 lunch runs and students will have lunch with their same learning center group. There will be no more than 30 students in the cafeteria at a time and they will be socially distanced. We will also have students eat outside when the weather is good. They will be supervised by classified and certified support staff.
Dismissal Process / Requirements:

We will dismiss the students from five exit points for K-5. These will be for busses, daycare vans, Kindergarten only, 1st-3rd, and 4th-5th.

For middle school, which dismisses 45 minutes after K-5, will use these same five exit points.

All parents will receive their child from the exterior of our campus fences/gates.

Staff will be inside the campus with the children six feet apart in a cue to dismiss and staff will be outside the gates to figure out which parents have arrived. The parents waiting outside will also be six feet apart.
