

## **TUSD Student Accident Insurance 25/26 SY – Offered by K&K Insurance**

### **Are you worried about paying for medical care if your child has an accident?**

Student accident insurance can help! K&K Insurance has coverage available for all TUSD students.

### **The Advantages of the K-12 Voluntary Student Accident Insurance Plan:**

- Offered through the school systems throughout America exclusively to school age children
- Open to enroll year-round
- Unrestricted choice of medical providers (Doctors, Hospitals, etc.)
- Designed to be affordable

### **Want to know more?**

- Student Accident Insurance is an additional insurance policy that provides your coverage in the event of an accident. This is designed to alleviate the stress of unexpected expenses due to injury.
- There are four plans to fit your students' needs:
  1. At-School Accident Only: Covers your student while at school or participating in any school sanctioned events (Excludes High School Football).
  2. 24-hour Accident Only: Covers your student around the clock from the first day of school through the last (Excludes High School Football).
  3. High school Football: Specific coverage for football players, covers your student during the practice or play of regularly scheduled football. We offer the following plans:
    - a. High School Football: Coverage for play or practice of scheduled football only.
    - b. High School Football (Spring Only): Coverage for new players participating in spring football training only.
    - c. High School Football and At-School Accident: Covers all athletics during school sponsored events.
    - d. High School Football and 24-Hour Accident: Covers all athletics and around the clock from the first through the last day of school.
- These plans (outside of extended dental), are all encompassing, including medical and dental insurance in the event of an accident or lump-sum payment in the event of a loss due to an accident.
- There are Low and High options for each plan, and with most being under **\$100/year**, it is definitely worthwhile if your student is participating in any sports or extracurriculars!
