ParentVUE/StudentVUE Use Agreement (Español abajo)

ParentVUE and StudentVUE are internet-based applications that provide access to education records for parent/guardian and students of the district through a secured internet site. All parents/guardians and students who wish to use ParentVUE or StudentVUE must comply with the terms and conditions in this Agreement.

**A. Rights and Responsibilities**  
Access to ParentVUE/StudentVUE is a free service offered to all current students and parents/guardians of district students. Access to student information through ParentVUE/StudentVUE is a privilege, not a right. A parent/guardian will be authorized to activate a ParentVUE account only after the student is enrolled in the district. Once a student withdraws or graduates, ParentVUE access to that student's education records will be inactivated. Parents/guardians and their student(s) must practice proper and ethical use of ParentVUE.

Parents/guardians and students will need a device with Internet service to use ParentVUE or StudentVUE. While these applications are designed to be user friendly, the district cannot promise optimal access for all users and due to limited resources, cannot offer personal troubleshooting if there are difficulties connecting to or using ParentVUE or StudentVUE.

**B. Responsibility for Information Accuracy**  
Information accuracy is the joint responsibility between district schools and parents/guardians. While the district makes every attempt to ensure information is accurate and complete, parents/guardians should periodically check their student's personal and contact information to confirm that all information is accurate. Questions about attendance may be addressed to the school office, and questions about grades should be addressed to the student's teacher.

**C. Use of the ParentVUE**  
Parents/guardians and students are required to adhere to the following guidelines: Parents/guardians and students must:

- act in a responsible, ethical, and legal manner while using ParentVUE or StudentVUE.
- not share their password with anyone.
- not attempt to access information for any account assigned to another user.
- not attempt to alter or destroy data or bypass network security measures of the district.
- not set their computer to automatically login to the ParentVUE or StudentVUE site.
- not use this Internet site for any illegal activity, including violation of federal and state laws.
